COLLINS CONSULTING AWARDED SECOND FEDERAL CONTRACT WITH THE DEPARTMENT OF LABOR OSHA

SCHAUMBURG, IL - Today Collins Consulting, Inc. announced that it has been awarded a five-year contract to provide Training, Configuration Management and Documentation Information Technology Services to the Directorate of Information Technology for Occupational Safety and Health Administration, Department of Labor. "This procurement underscores OSHA's commitment to meeting service-disabled veteran business goals as outlined by both PL 106-50 and PL 108-183 within the Federal contracting process", said Robert Collins, President of Collins Consulting, Inc.

The Mission of the Occupational Safety and Health Administration is to assure the safety and health of America's workers by setting and enforcing standards; providing training, outreach, and education; establishing partnerships; and encouraging continual improvement in workplace safety and health.

Collins Consulting, Inc., founded in April 1992, initially offered IT staffing support but has since grown into a broad skilled staffing and hardware services firm. Collins entered the Federal staffing arena in the spring of 2002 and now provides computer hardware and IT services to numerous Federal Agencies and Federal Prime Contractors. Federal business now accounts for approximately 35% of Collins' total corporate revenues.

Collins Consulting, Inc. is a service-disabled veteran owned innovative, growth-oriented, Information Technology consulting firm with corporate headquarters in Schaumburg, Illinois. Collins also maintains offices in Mt. Airy, MD and Walnut Creek, CA. Collins Consulting, Inc. is also one of the first companies to receive a contract under the provisions of PL 108-183, a law that strengthened contracting for service-disabled veteran businesses.
